

EDILBERTO MORGA

Web Developer

BIOGRAPHY

My name is Edilberto Morga and I am a programmer with two years of experience developing web applications. In my free time, I enjoy developing projects because I learn about new technologies and improve my skills.

EXPERIENCE

2022 - Present

Programador FrontEnd.

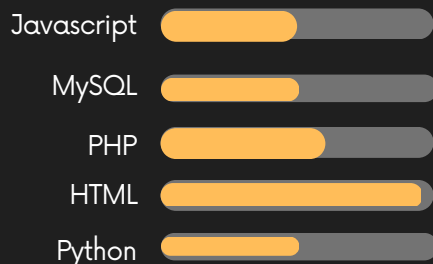

In my experience as a FrontEnd developer I have worked with technologies; HTML, CSS, JavaScript, Bootstrap and React. Teamwork is important to me in projects, which is why I have good experience working collaboratively.

2020-2021

Programador Backend.

In my experience as a Backend developer I have worked with technologies; PHP, Django, Python, MySQL and PostgreSQL. Developing projects that have interactivity with users, storing user information.
